

Dr. Hugh Albert Nutt

June 16, 1943 - July 30, 2021

Fordyce lost a legend on Friday July 30, 2021 when Dr. Hugh Albert Nutt passed away at his home. Born June 16, 1943, at Fordyce, he was a son of the late Hugh Harrison Nutt and Kitty Corrine Robertson Nutt.

He was a graduate of Fordyce High School and the University of Arkansas Medical School. He did his residency at John Peter Smith Hospital in Ft. Worth, TX and served as a flight surgeon in the US Navy. He came back to his hometown to practice medicine in 1974.

Dr. Nutt was larger than life. He was always there for you, not just his friends but his patients as well. He worked hard and gave his life to Fordyce. He loved and he laughed. He tried to practice medicine to the very last, even when he didn't feel like it. He would pat his chest over his heart and say, "It's in here". He practiced medicine for over 50 years, mostly in Fordyce and will be remembered and thought of fondly for many, many years.

Dr. Nutt was a faithful member of Fordyce First United Methodist Church, where he served on several committees. He was a farmer on the side, raising cattle, chickens, hogs, and gardening. He also loved to golf and was a past president of the Fordyce Country Club. Dr. Nutt loved his Fordyce Redbugs and in his youth was the quarterback on some of Coach Red Parker's best football teams, including the 1960 state champion Redbugs. He was upset when Fordyce won their most recent state championship and he could not attend because of the COVID-19 pandemic.

Dr. Nutt loved the town of Fordyce as evidenced by the many community organizations he supported. He was a past member of the Fordyce School Board and a big supporter of the Annual Redbug Golf Tournament and the Redbug Foundation. He was also inducted into the Redbug Hall of Fame.

Other than his parents, he was preceded in death by a brother, Rusty Nutt. He is survived by his wife, Karen Nutt of Fordyce; children, Benjamin M. Nutt, Col. U.S. Army Retired and his wife Karen of Hot Springs, Dr. Lindsey L. Nutt Walley of Fordyce, Albert B. Nutt and his wife Janay of Bella Vista, Cody Shankles and his wife Carrie of Fordyce; one brother, Bill Nutt and his wife Sue of Fordyce; six grandchildren, Jay Walley, Marion Nutt, Sarah Nutt, Tommy Hugh Nutt, Kinley Shankles, Carter Shankles.

Funeral services will be private. In lieu of flowers, donations can be made to the Fordyce

Redbug Foundation or the Fordyce First United Methodist Church. Arrangements are by Benton Funeral Home of Fordyce. To sign the online register visit www.bentonfuneralhome.net

“ I met Hugh in 1963 and he helped me (carried me) through a biology class at the University of Arkansas in Fayetteville. My being a non medical student this was something that he didn't have to do, but was kind enough to help someone that he knew was lost, Being an architectural student, I really was lost. He told me that he was from Fordyce and studying to become a doctor. I graduated in 1967 and started my own firm in Little Rock and practiced for 50 years until I retired. I remember his kindness till this day and give you my condolences at this stressful time. Don Renshaw

“ What can I say about the legend. He was the best mentor anyone could have. When his father passed away he said he was a legend. To me Dr. Nutt is the legend. He would tell parables about life's lessons to get me to think a little longer about issues. I never got tired of his stories. I always learned something from his stories that I use to this day. He was a fearless, courageous leader. You would just know everything was going to be ok when he was around. He loved his family,patients and Dallas County Medical Center. He played an active role in keeping the hospital open. His work here is done and it was good. Rest in love, my friend. Karen, Lindsey and family so sorry for your loss I know its great.

“ Hugh Albert was a couple years older than me, but I always felt our age made no difference in our friendship. Growing up in Fordyce there was a cute saying: "There's always been a Nutt on the Redbug team!" I know Dr. Nutt will be missed by so many. He was a good man. Our sincere condolences to his family. “ I am so sorry to hear of the loss of Dr. Nutt. He will forever be one of my favorite people to talk to and an all time favorite physician. Every visit to his office, he always asked me the same question and I always responded the same way which he always smiled at even if it annoyed him. He would always ask "How are you today?" to which I responded "I would be doing better if I weren't in your office as I'm evidently sick to be here." He was truly a caring man as well as he always asked about my family when he saw me out around town. I will miss visiting with him immensely.

“ Dr Nutt was my dr for many years; until he started having to miss a lot as his health was failing him. I always appreciated how he'd listen to me, even though I sounded ridiculous at times. Other times, I'd be in tears with issues in my life but he'd give advice that made a lot of sense. He wasn't only my dr, he was like a big brother. I'd leave the clinic feeling encouraged & grateful. Fordyce lost a good, caring man but Heaven gained another angel.

“ He always took time to visit with his patients. We solved the problems of the world after the medical stuff was taken care of. He showed interest in what his patients valued. He had a droll sense of humor that left you feeling better, even when you weren't well yet. He taught his staff to show interest in and genuine care for his patients.

There aren't many left of his generation. The world is poorer because of it.

“ Karen and Dr. Wall
Being of the same generation as Dr. Nutt made for some interesting talks after he took care of my medical needs. We solved the world's problems, discussed books and he even helped me with a crossword clue once. The answer was "iris" a for letter word for a part of the eye. He was never in a hurry and was always jolly. A patient, who had become a friend, at the office at least appreciated that. A running joke we had if we should happen to cross paths outside the office was "How am I doing today, Dr.?" His answer was quick and seldom the same. " I think you'll live." and " Compared to last time...?
I have missed his good medicine and will, from now on.
My prayers are with his family. Dr. Nutt left big shoes (he would laugh and say" literally, and they better keep them spit shined!) to fill.

I never had a doctor visit that we didn't spend a little time talking of shared interests, church, Fordyce schools, special pastors we both knew, and just life in general. “ Dear Karen, Bill, Lindsey and family,
When I got my copy of the Fordyce newspaper by mail yesterday I was I profoundly shocked and deeply saddened to see that Hugh Albert had passed away. I have known him since we were literally children, as we attended church camp together, attended MYF at the Fordyce Methodist Church together, and served in the Fordyce High School Student Council together. In his senior year in high school when he was Student Council President, it was my honor to serve as a Council member with him. I always admired and looked up to him as a leader and role model, and that image I still carry with me to this day. When my mother became terminally ill several years ago, Hugh Albert was there to take care of her, and even did "house calls" to see about her. The service that he has given to Fordyce and the surrounding area over the years is literally immeasurable, and the care that he has given to so many will be missed beyond description. Without a doubt, Fordyce has lost a legend that will never be forgotten.

With deepest respect and sympathy,
